

Board Agenda Form

Subject: Sawyer to Old Edwards for 2015-2016

Prepared by: Tim Taylor, Superintendent

Action Requested: Discussion/Information

Executive Summary: Following neighborhood and staff meetings, preliminary Board discussion, and logistical meetings with administrative staff, it is our intent to prepare the Old Edwards Building to serve the students and staff of Sawyer School during the 2015-2016 school year. Due to the massive renovation project schedule for Sawyer School, the students will be much better served.

Old Edwards Between now and August, 1015:

- Gerry Peters and his staff will continue routine maintenance and cleaning of the Old Edwards building, playground and site.
- Gerry will be responsible for conducting another garage sale for furniture and equipment and locating temporary storage for Meeker and Sawyer furniture during the summer of 2015.
- Custodial staff will conduct a deep cleaning of the Old Edwards building during Spring Break, 2015 and will once again deep clean as Sawyer furniture is relocated to Old Edwards in June.
- Gerry will also be responsible for relocating the Meeker portable to Old Edwards and securing a second portable classroom for Old Edwards.
- Finally, Gerry will arrange for a professional air quality check of the building.

Technology Needs:

- Karl Hehr is working to provide restored internet, telephone and technology services to the building. While we do not yet have a firm cost, it is estimated that the potential cost of internet service will be \$80,000 for the year.
- Current computers and internet access capability will be, in a large part, moved from the Sawyer building to Old Edwards.

Transportation

- Karen Shimp will be working with transportation services with the intent to provide bus service to any Sawyer student that needs or requests it. It is expected to be cost neutral and students will not be charged for discretionary bussing.

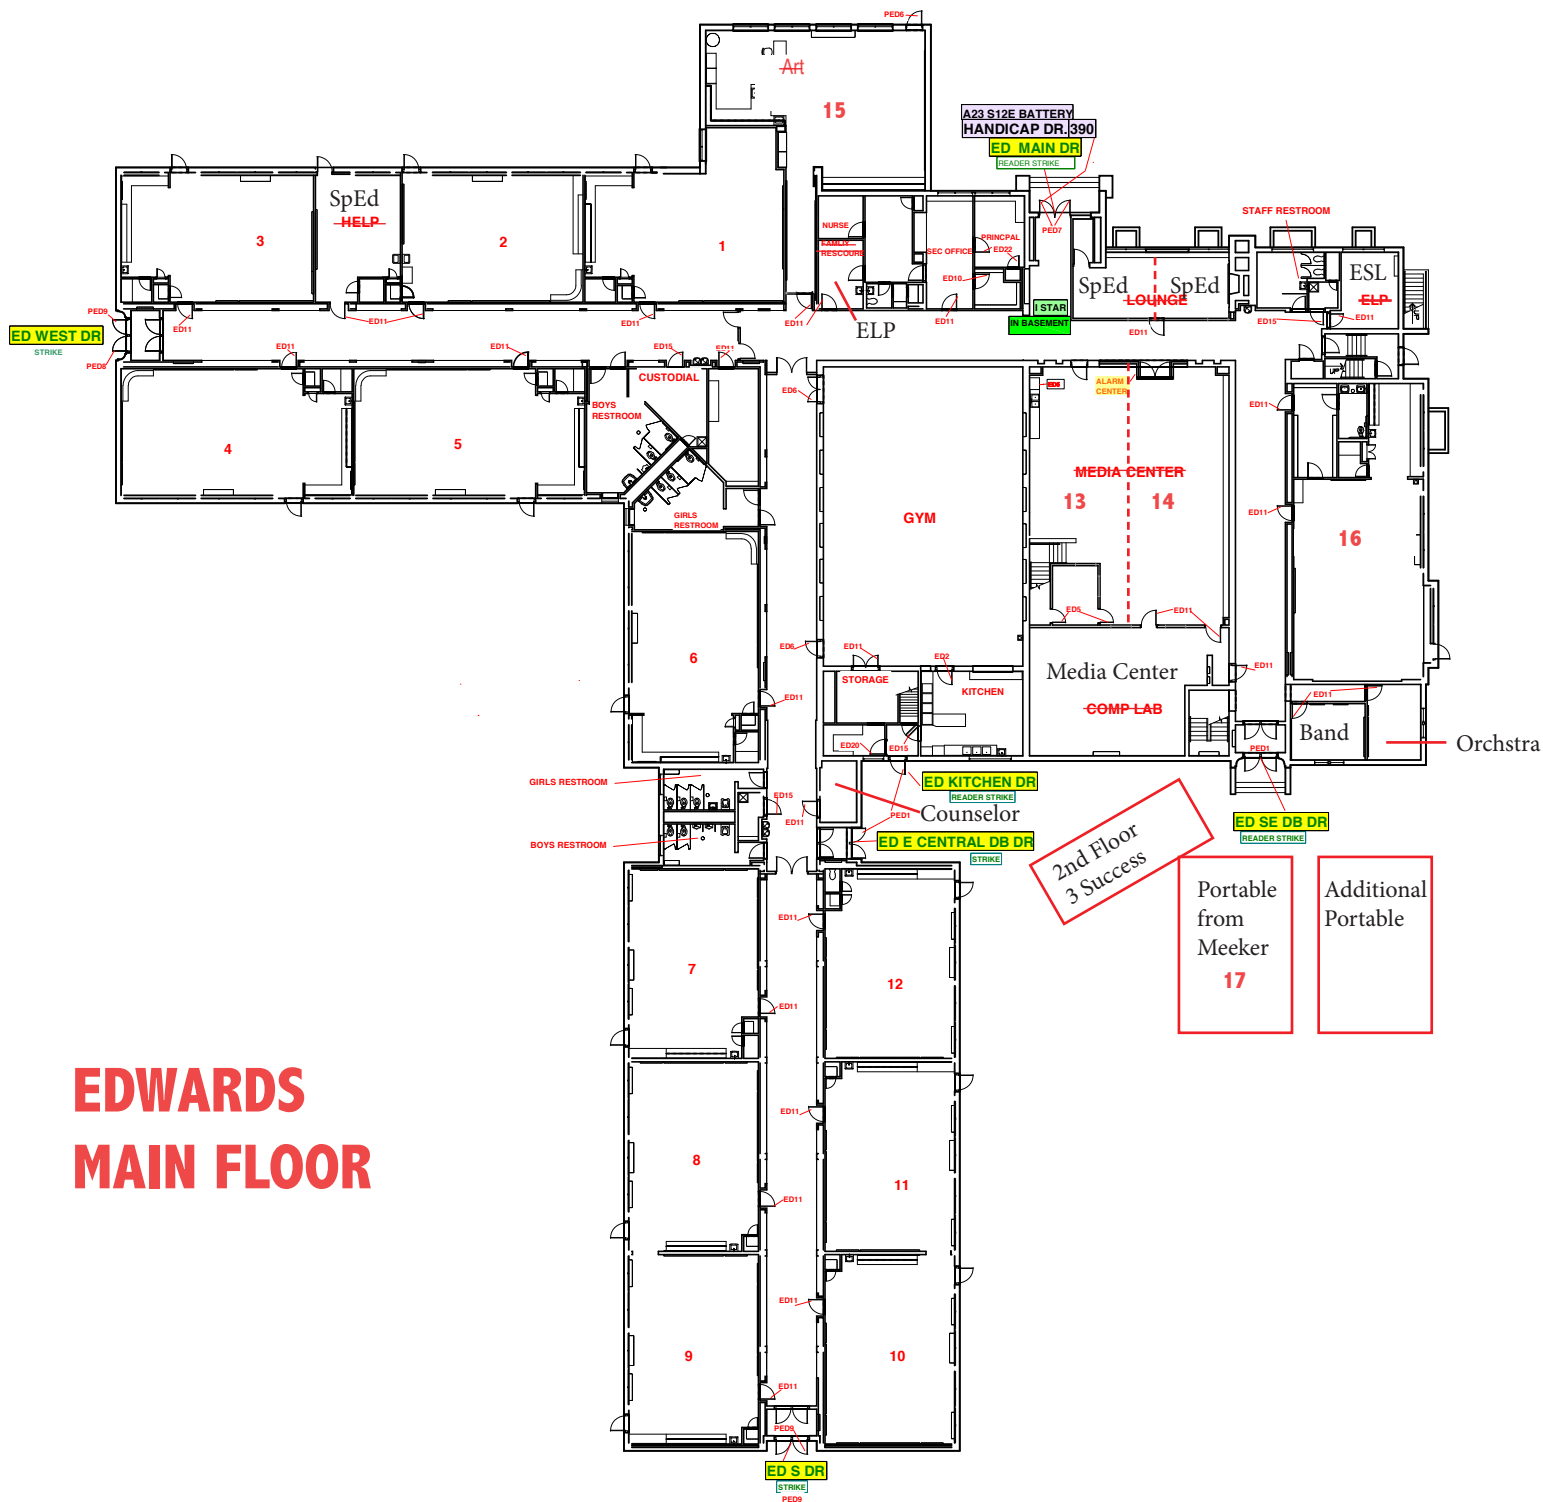

Classroom Needs:

- We are planning to provide:

17 Regular Classrooms	ELP classroom
4 Special Needs Rooms	Nurses Office
3 Success Classrooms	Counselors Office
Art and Vocal Music space	Band and Orchestra learning centers
ESL classroom	

Please see the attached Old Edwards Floor Plan. This represents a possible placement for the above classroom needs, however, the final decision will rest with Ms. Lawler and her staff with help from central administration.

While we know the situation for Sawyer students will not be perfect, our intent is to surpass adequate and provide for the very best we can to reward their patience and flexibility during 2015-2016.
