

BOARD AGENDA FORM

Subject: Asbestos Removal - Meeker Elementary School Project

Prepared by: Gerry Peters, Director of Facilities Planning and Management

Action Requested: Conduct Public Hearing on plans, specifications, and estimated cost for the Asbestos Removal - Meeker Elementary School Project and Award the contract to REW Services Corporation.

Suggested Motion on a roll call vote: *I move the Board award the contract for Asbestos Removal - Meeker Elementary School Project to REW Services Corporation in the amount of \$55,770.*

Executive Summary: A public bid letting was conducted on December 9, 2014 for Asbestos Removal Meeker Elementary School. A pre-bid walk through was conducted on December 3, 2014. Three bids were received.

I contacted Mr. Jeff Harclerode, President of REW Services Corporation, the apparent low bidder to confirm their bid. Mr. Harclerode demonstrated knowledge and understanding of the project scope, indicated the firm completed a similar project recently, was in attendance at the pre-bid walk through, and confirmed scaffolding needs and quantities for auditorium ceiling and floor tile removals.

I recommend awarding the work to REW Services Cooperation, determined to be the lowest responsible, responsive bidder.

Bid Tabulation

Bidder	REW Services	Advanced Environmental	Abatement Specialties
Bid Bond, 5%	yes	yes	yes
Addenda	#1	#1	#1
Base Bid - I	\$13,035	\$ 25,700	\$ 18,872
Base Bid - II	\$42,735	\$ 74,600	\$108,200
TOTAL	\$55,770	\$100,300	\$127,072

Financial Information:

Fund: GO Bond
Estimated Cost \$110,000
